Gardonville Cooperative Telephone Association (the “Company”) hereby provides notice that it intends to cease offering wireline broadband Internet access transmission service on a tariffed basis. Effective January 1, 2017, the Company will begin offering wireline broadband Internet access transmission service on a Title II, common-carriage, permissive de-tariffed basis pursuant to paragraphs 90 and 94 of the Commission’s Wireline Broadband Order.¹ The geographic areas affected by this notice are Gardonville Cooperative Telephone Association’s exchanges where wireline broadband Internet access transmission services are technically feasible.

Re: CUSTOMER NOTICE OF CHANGE IN DSL SERVICE

Dear Valued Customer:

Our records indicate that Gardonville Cooperative Telephone Association is currently purchasing wholesale wireline broadband Internet transmission services from Gardonville Cooperative Telephone Association pursuant to the terms of its tariff. This letter is to inform you that Gardonville Cooperative Telephone Association will no longer offer such DSL transmission services pursuant to Tariff effective January 1, 2017. On and after January 1, 2017 services will be made available to you on a common-carrier, non-tariffed basis.

The actions described above are taken in accordance with the FCC's Report and Order (FCC 05-150) released September 23, 2005 in Docket No. 02-33. In the order, the FCC determined that facilities-based wireline broadband service providers could offer their services on a common-carrier, permissively de-tariffed basis.
